ACTIVITIES AND LEADERSHIP

• FIRST TECH CHALLENGE (FTC)

FTC is a competitive robotics program focuses on engineering, programming, teamwork, and leadership.

I am on Evergreen Dynamics, #30316. I'm a technician on the hardware and 3d design team, and I am the drive coach.

• SCOUTING AMERICA

I am a First-Class Scout who has held multiple leadership positions including: Patrol Leader, Troop Guide, Assistant Senior Patrol Leader.

• FIRST LEGO LEAGUE (FLL)

FLL is a part of FIRST, where you build and code LEGO robots while working on a STEM community project.

I was on the Intelligent Mavericks, a 3-time world-attending team and 2nd place award winner during the Submerged season. I participated for 6 years and was a key leader on the team.

• CREATE PERFORMANCE TASK

For my creative performance task practice, I created a pace-and-splits calculator for runners. This was created in Javascript. This was a simple way for me to apply the skills I'd learned after taking AP Computer Science Principles.
